

Jake Krayger

Horsham, PA

267 – 626 – 1618 | j.krayger@proton.me

EDUCATION

West Chester University of Pennsylvania, West Chester, PA

Bachelor of Science in Computer Science

GPA: 3.4

Graduated: December 2024

Montgomery County Community College, Blue Bell, PA

Associate of Science in Computer Science

GPA: 3.7

Graduated: December 2022

UPenn LPS Coding Boot Camp, Philadelphia, PA

Completed: February 2020 – August 2020

Software Development

Jr Software Developer with strong programming, problem-solving, and software design skills. Along with effective communication and collaboration abilities.

- Data Structures and Algorithms
- Object-Oriented Design
- Software Development Life cycle
- Security Vulnerabilities and Best Practices
- Agile methodologies
- Testing and Debugging
- APIs
- Design Patterns
- Databases and SQL
- UML
- Java
- Python
- JavaScript
- HTML/CSS
- React/Node.js

Projects

Compiler

- Designed and built a Java-based compiler with lexical analysis, parsing, semantic checking, and optimized code generation

Neural Network Framework - Java

- Developing a Java-based neural network framework currently functioning for binary/multi classification, with ongoing updates to supporter broader use cases.

Java Visitor & Singleton Patterns

- Refactored a Java GUI with Visitor and Singleton design patterns, using method delegation and polymorphism for structured code organization

Knowledge demonstrated: Encapsulation, Inheritance, Polymorphism, Abstraction, Composition, Design Patterns

Transferable Skills

- Oral and Written Communications
- Positive Teamwork and Collaboration
- Problem-Solving skills
- Analytical Thinking
- GitHub/GitLab
- Microsoft Office Suite
- Mathematical Foundations
- Windows, MacOS, Linux
- Windows/Linux command lines

EXPERIENCE

Finance of America, Horsham, PA

Assistant Facilities Manager (December 2018 – February 2020)

- Managed and tracked inventory of office supplies through spreadsheets, monitoring stock levels and ensuring availability for advisors and employees.
- Oversaw office cleanliness and maintenance, coordinating with contractors for repairs and modifications.
- Demonstrated effective communication and organizational skills in a fast-paced environment.
