

Jake Krayger

Horsham, PA

267 – 626 – 1618 | j.krayger@proton.me | GitHub: <https://github.com/JKrayg>

EDUCATION

West Chester University of Pennsylvania, West Chester, PA

Bachelor of Science in Computer Science

GPA: 3.4

Graduated: December 2024

University of Pennsylvania Web Development Certification, Philadelphia, PA

Completed: February 2020 – August 2020

Data Developer

Analytical data developer skilled in ETL, data transformation, validation, and large-scale processing to support reliable data pipelines.

- Python
- SQL
- NumPy
- Pandas
- PySpark/Hadoop
- ETL
- Feature engineering
- Data transformation
- Matplotlib/Seaborn

Projects

SSH Log Analysis

Analyzed failed authentication attempts to identify attack patterns, track malicious IPs, and detect high-risk user targets using PySpark

<https://github.com/JKrayg/SSH-Log-Analysis>

Deep Learning Framework (Java)

A lightweight Java-based neural network framework using ND4J for linear algebra and CUDA for GPU acceleration, enabling binary/multiclass classification, basic image classification, and regression tasks.

<https://github.com/JKrayg/JavaNNCuda>

Health, Safety & IQ Analysis

Quantitative analysis of the impact of health and safety on national IQ using statistics, visualizations, and KNN classification for prediction

<https://github.com/JKrayg/Health-Safety-and-IQ-Analysis>

Knowledge demonstrated: ETL workflows, distributed data processing, analytical data transformation

Transferable Skills

- Oral and Written Communications
- Positive Teamwork and Collaboration
- Problem-Solving skills
- Analytical Thinking
- GitHub/GitLab
- Microsoft Office Suite
- Virtual Machines
- Docker
- Mathematical Foundations
- Windows, MacOS, Linux
- Windows/Linux command lines

EXPERIENCE

Matrix Sciences, Horsham, PA

Data Entry Technician (June 2025 – current)

- Enter, validate, and manage food and environmental sample data in a LIMS. Investigate data discrepancies, maintain digital records, and coordinate with team members to improve lab efficiency.

Finance of America, Horsham, PA

Assistant Facilities Manager (December 2018 – February 2020)

- Managed and tracked inventory of office supplies through spreadsheets, monitoring stock levels and ensuring availability for advisors and employees. Oversaw office cleanliness and maintenance, coordinating with contractors for repairs and modifications.
